

JOURNAL OF BIOMEDICAL SCIENCE

IMPACT
FACTOR
2.01

www.jbiomedsci.com

Editor-in-Chief: Michael M. C Lai (Taiwan)

***Journal of Biomedical Science* encompasses all fundamental and molecular aspects of basic medical sciences.**

Topics of interest include, but are not limited to: biochemistry, pharmacology, genetics, immunology, neurosciences, molecular and cellular biology, cancer biology, physiology, anatomic pathology, microbiology and virology.

The journal is supported by the National Science Council (NSC), Taiwan, which covers the cost of publication on behalf of the authors.

The journal considers the following article types: original research and reviews. For further details, see www.jbiomedsci.com/info/about/.

Journal of Biomedical Science is tracked/indexed by PubMed, PubMed Central, MEDLINE, Thomson Reuters (ISI), BIOSIS, CAS, EMBASE, Scopus and Google Scholar.

Reasons for publishing in *Journal of Biomedical Science*:

- All articles published in the journal are open access; universally accessible online without charge.
- High visibility for your work - anyone with Internet access can read your article, free of charge.
- Included in PubMed - making your work easy to find, read and cite.
- Articles are published immediately upon acceptance.
- Authors retain the copyright of their articles.
- Electronic submission and peer-review makes the whole process of publishing your article simple and efficient.
- Publishing online means unlimited space for figures, extensive datasets and video footage.
- Professional formatting meets the standards expected by researchers.
